

Compression Bagging Machine

GOA-Q-F-700×600-MP-AE-1P220

Features

- Machine is a compression & bagging machine. Including automatically compressed and air cylinder side pushing the product for packing, greatly improved the work efficiency.
- Compression stroke is adjustable to fulfil various size of packaging and improve work efficiency.
- The bagging is even, electronic control program for sure the consistency of product specification. Finished packed product is flat and nice looking, saving packing volume size.
- Machine mould tools can be customized according to actual requirement.

Application

Suitable for the compression bagging of pillow, cushion, beddings.

适用范围

适用于枕头、靠垫、床上用品压缩套袋包装。

Parameters 机器参数

Suitable Size 适用尺寸	700×600×500mm (Standard, other sizes can be customized 标准, 其他尺寸可定制)
Power Supply 电源	AC 220V 50Hz
Air Pressure 气压	0.6-0.8Mpa
Machine Size 机器尺寸	1850×1050×1850mm (LWH)
Packing Size 包装尺寸	1900×1150×2010mm (LWH)
Net Weight 净重	220kg
Gross Weight 毛重	300kg

压缩套装机

GOA-Q-F-700×600-MP-AE-1P220

机器特性

- 本机为压缩套装机，自动压缩，气缸侧推包装产品，大大提高工作效率；
- 压缩行程可调，以适应不同产品的包装和提高工作效率；
- 套装均匀，采用电子控制程序来保证产品规格的一致，包装出来的产品平整、美观，节省装箱体积；
- 本机模具可按实际需求进行定制。
