# Richpeace Computerized Multi-Needle Shuttle Quilting Machine (Flying Shuttle)

RPQC-NM-LS3-128+128+128-305×3225.8-B-1"RNS-SS10R-NA-3P380

## Features

### Computer Control System

17-inch LCD screen, easy to understand, quick to operate, can display quilting patterns in real time, image intuitive.

### Thread Breakage Detection

When the upper thread is broken during quilting process, the machine operation is pause, and prompts the related message, to help worker quickly analyse where the problem is.

### Power Failure Protection Feature

Once power failure during quilting, reconnect the power, machine can continue the pattern in the state before the power off and keep on working.

### Statistic Count Function

Automatic store the work information in a period of time, and provide the quilted quantity and total production anytime.

### Richpeace Pattern Design Software

Richpeace professional quilting pattern design software, freely design quilts pattern is possible, good to learn and suitable for the application.

## Application

For small size pattern quilting of fitted sheet, bed covers, summer quilts, quilts and any other products with quilt pattern.

## Parameters

Model	Number of Needle Row	Needle Rows Spacing	Travel Distance in X-axis	Quilting Width	Dimension (L×W×H) (mm)
RPQC-NM-LS2-64+64-203.2×1600.2-B-1"RNS-SS7R-NA-3P380	2	76.2mm	203.2mm	1600mm	3750×1100×1800
RPQC-NM-LS2-94+94-305×2362.2-B-1"RNS-SS10R-NA-3P380	2	76.2mm	305mm	2450mm	4650×1100×1800
RPQC-NM-LS3-94+94+94-305×2362.2-B-1"RNS-SS10R-NA-3P380	3	76.2mm, 76.2mm, 152.4mm	305mm	2450mm	4650×1100×1800
RPQC-NM-LS3-128+128+128-305×3225.8-B-1"RNS-SS10R-NA-3P380	3	76.2mm, 76.2mm, 152.4mm	305mm	3300mm	5550×1100×1830
Production Speed	Max. Quilting Speed	Max. Quilting Thickness	Stitch Length	Power	Voltage
20-110 (m/hr)	550rpm	≤25mm	2-7mm	4.5kW	380V/50Hz

## Optional Items

Cutting Machine

Conveyor Belt Cutting Machine

Material Collecting Rack

Automatic Shuttle Winding Machine
