# Richpeace Rotary Head Precision Quilting Machine—for Duvet Making

RPAS-LM-PQ-1-2500x2600-B-IS-VR2-LH50,RH360°,AFC-3P380V

## Features

1. Machine head can freely rotate 360°, independent driven, completely eliminate the reverse stitch effect, saved the time for machine head empty stitch movement and solved the reverse stitch quality problem.
2. working speed: 1800-2500 stitches / min.
3. Can work with special #9-11 needle for duvet.
4. Lifting head mechanism, leaving more space for exchanging and frame changing.
5. Bridge type structure, high stability, quiet and high precision.
6. Down-proof device, effectively solved the down-leakage problem when sewing duvet.
7. Pneumatic controlling the presser foot lifting, ensure stable sewing effect during the work.
8. All servo motor driving, to achieve stable sewing, suitable for a variety of sewing conditions.
9. X and Y directions are driven by ball screws, which have higher precision and more accurate positioning.
10. Stitch type is single needle lockstitch.

## Application

Suitable for duvet, healthcare bedding, sewing of down sleeping bags.

**Optional:** Automatic frame changing table

## Parameters

Max. Sewing speed	3000 rpm (working speed:1800-2500 rpm)
Stitch Length	0.5-12mm
Sewing head lifting distance	50mm
Fabric clamping method	Pneumatic clamping
Presser foot lifting height	0-15mm
Pressing foot lifting method	Pneumatic lifting
Thread Trimming	Pneumatic trimming
Pattern Read-in	USB port
Rotary hook	Japanese Koban 2X jumbo rotary hook
Power Supply	Single Phase 220V/50Hz
Power consumption / Air pressure	Approx. 6KW/0.5-0.6Mpa
