

## 平板笔绘切割一体机

## Flatbed Pen Cutter Machine

### 机器特点

- 采用进口的CPU和精密的电子元件,确保其稳定性和操作性。
- 直线导轨传动, 保证高精度稳定运行。
- 台面采用耐用切割材料, 保证台面光滑, 容易切割, 成本损耗低。
- 坚硬的长刀设计应用于切割各种材料。
- 兼容市面上主流CAD软件的文件格式。

### 机器参数 Parameters

|                                                                                                                           |                                                                                                                   |                                                   |                                                    |

### 适用范围

鞋帽、箱包、服装、汽车内饰等行业的样板切割。

### Application

Pattern sampling cutting in footwear, hats, bags, garments, automotive interiors, and related fields.

### Features

- Equipped with international branded CPU and precision electronic components to ensure stability and ease of operation.
- Linear guide rail transmission for high-precision and stable running.
- Worktable made of durable cutting material, ensuring a smooth surface, easy cutting, and low material costs consumption.
- Rigid long-knife design suitable for cutting various materials.
- Compatible with mainstream CAD software file formats.
